"I love it when your techs take charge and cut through all the red tape. It makes my job that much easier when I don't have to worry about phone systems. When Top Line was done we had a working phone system, standalone lines. Top Line really went the extra mile. This is what I expect every time I deal with Top Line."

Peter Campone
City of New Rochelle, Director of IT

"I was extremely impressed by the professionalism and helpfulness of the Top Line team. They did a fantastic job making sure that all our needs were met, clearly explaining all the features of our new phone system, and accomplishing the system install so efficiently that we had our phones up and running before needed."

"I would like to acknowledge the outstanding service provided by Top Line for our relocation last month. With the foresight and experience of your company, we saved hundreds of dollars by our suggestions to Top Line. And most importantly, we lost no business at all with the relocation. The phone system was up and running correctly. Thanks, Top Line."
